Screen tatami

The screenshot displays a digital scoreboard for a karate match. The interface is split into two main color-coded sections: red on the left and blue on the right. At the top, the names of the competitors are shown: Geert Claeys (Samoerai Leuven) on the red side and Kenny Van Roosbroeck (VORIS Schoten KARATE) on the blue side. The match category is identified as 'Junioren 16 17 J'. Both competitors have a score of '00' and are listed as 'Cat 1'. A central black box displays the 'TIME' as '2:00'. Below the time, the word 'TATAMI' is visible, along with a small red '01' in a box and a small logo. At the bottom of each side, there are logos for 'WORLD KARATE FEDERATION' (AKA) and 'BELGIUM J.K.F.' (AO). The interface also includes a set of command buttons labeled 'C', 'K', 'HC', 'H', and 'S' on both sides.

This is a screen view of the tatami screen (side public)

Adjust contesters data

The time of the match depends on the contesters categorie or series

With this button the tatami screen is closed or opened .
By default this screen is active (opened). This button is only used to change options

The time of the match can also be manually adapted.

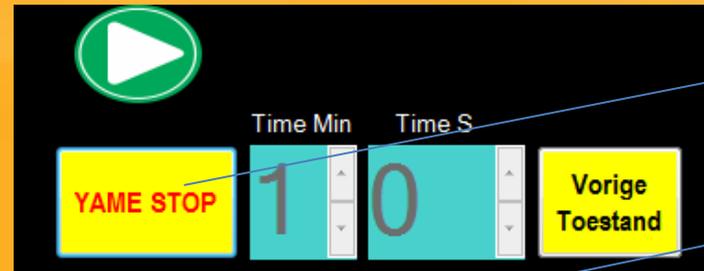

K.A.T.A.S

Karate Timekeeping and Scoreboard

Start & stop time

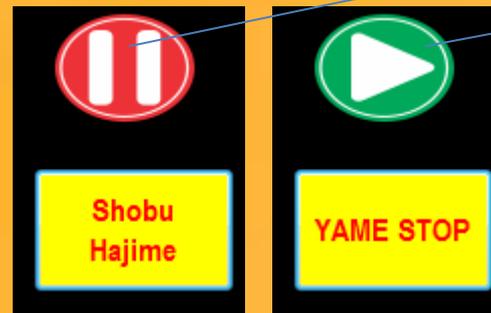

Click to start a match
Text in the button changes to
YAME STOP

Click to stop the match. Text in button changes to Tsuzukete (go on)

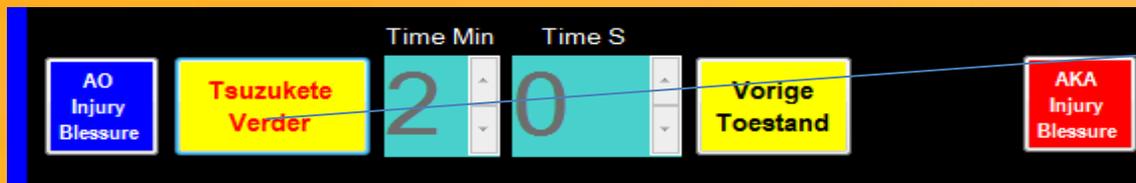

When time is running We see a green start icon.

When time is stopped we see a red pause icon. This is for supporting the timekeeper.

This pausing is supported by a sound.

During the match the text in the button changes to Yame or Tsuzukete

TIP : For starting and stopping the match the timekeeper can use a key stroke and for giving points or penalty's the mouse (less stress).

10 s rule

When one of the contesters' **AO** or **AKA** falls down and stays down. The referee **orders** the timekeeper to start the 10 s injury timer.

When the contesters is back on his feet before the end of the 10 s. The timekeeper clicks on the green stop button. Match can go on after decision of doctor or/and referee

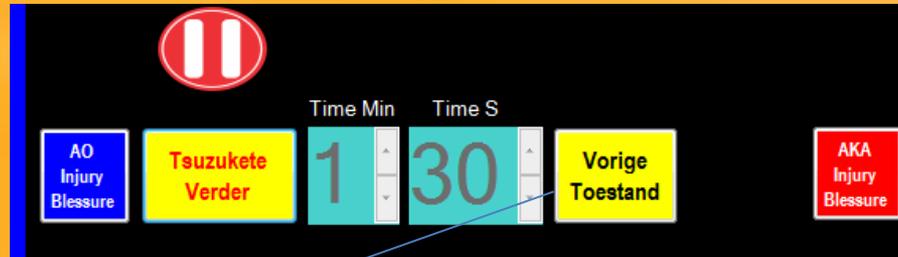

3 s before the end of the injury time an automated whistle is blown. This to indicate that the injury time is almost over. When the contesters stays down the whole 10 s. He loses the match by Kiken

K.A.T.A.S

Karate Timekeeping and Scoreboard

Correct mistakes (errors) or recall decisions

When can we recall or correct a given point or penalty

- First when a referee recalls his decision.
- Correct a mistake of a timekeeper.
- Wrongly interpretation of a cat 1 or cat 2 penalty
- Correcting a wrong victory because timekeeper made a mistake in giving a penalty that causes a victory **Hansoko & Shikako**

TIP : With this correcting button whole the match is in memory and the timekeeper can go back to the beginning of the match

When something went completely wrong (panic) Write down the remaining time, points and penalty's. Start new match change the remaining time of the match as well as the points and penalty's, and restart the game ... No Problemo.
